BRIDGE initiative & Data Management WG

| | | |
|---|---|--|
| Launch date 2016 | N° of countries involved 39 | N° of participating organisations 2237 |
| N° of projects 105 183 SINCE 2016 | Accumulated EU funding €1.6bn | Time frame of the calls 2014-2024 |

Smart Grids

Islands

Energy Storage

Digitalisation

Communication Infrastructure to exchange data (technical and non-technical)

Cybersecurity and Data Privacy

Data Handling, including the framework for data exchange and related roles and responsibilities

Key inputs received from TDX-Assist, EUSysflex, Interrface, Onenet, EU Flexoffer, InterStore, Int'net, OmegaX, Eddie, Eclipse Digital & Insieme research projects

The nice thing about standards

...

...There are so many of them

If you leave standardisation to the market ...
